

Striving Towards Our Mission

We take our mission very seriously at Auburn District Nursing Association and strive always to meet the healthcare needs of our community with both excellence and compassion. The Association continues to employ qualified and caring registered nurses, therapists, home health aides, medical social workers, management personnel, and office staff who are also committed to our mission. We work to provide state-of-the-art medical services, while delivering hands-on care, both in the home and through our adult day health care program.

Auburn District Nursing Association began its 87th year with the stability of owning a permanent home for more than six years, but with the challenge of coping with a leadership change. After 30 years of dedicated service to the agency, Executive Director Deanna Goggins retired in January 2006. Judith Sullivan, Assistant Director, served with distinction as Interim Director during the search process for a new administrative leader. The Board of Directors appointed Linda Vacon, RN, BSN, MEd, to the position in July. Her charge is to ensure the long-term viability of Auburn District Nursing by increasing services to individuals and families, while maintaining the quality of care that has

Thanks to local support and a grant award from the Auburn Foundation of the Greater Worcester Community Foundation, we will begin offering a state-of-the-art program known as Viterion TeleHealthcare to our patients in 2007.

Throughout 2006, we continued to offer Community Health Services and Programs, such as flu shots, blood

pressure screening, and outreach clinics, to the residents of the Auburn/Worcester area. The Senior Companion Program provided social activities and respite for residents and caretakers. In addition, we gave public health follow-up and other services to the Auburn, Millbury and Oxford communities in conjunction with their respective Boards of Health.

We expanded our outreach to the community with an updated quarterly newsletter offering useful and interesting information to residents while informing them of our services and programs.

The Board of Directors and staff of the Auburn District Nursing are grateful to the many volunteers

who give their expertise and time so abundantly. In addition, we thank our friends and neighbors, our local civic groups, churches, and the business community for your continued support, which is vital to the success of the organization.

Sincerely,

Henry Camosse
President, Board of Directors

Linda Vacon, BSN MEd, RN
Executive Director

Auburn District Nursing Association

DBA AUBURN VISITING NURSE ASSOCIATION

Annual Report 2006

“To provide high quality home health care that focuses on the unique needs of the individual and promotes maximum levels of wellness and independence and to provide clinics and programs based on identified community needs.”

**Auburn District Nursing
Association Mission Statement**

earned the support of our community over the years.

Ongoing fundraising efforts, such as the Annual Fund Drive, Taste of the Town event, and the Seventh Annual Golf Tournament, were very successful, due to the generous support of our donors, corporate sponsors, volunteers, and golfers. Proceeds from our fundraising endeavors are used to help provide subsidized home health care and make it possible to develop new programs for our community.

Summary of Priorities and Services

FOCUS:

Patient Care

"I had the feeling they really wanted me to get better."

In keeping with our mission, the Auburn District Nursing continues to provide high quality home health care services, including nursing, rehabilitation therapies (physical, occupational, speech), social work, home care aides, and companions. Patient satisfaction is essential to our success, and the heartfelt appreciation we get from our clients motivates each and every staff member to excel in the care they provide.

To ensure continuity of care as the organization grows, teams have been established to serve defined geographic areas. Each team has a small geographic focus to preserve our tradition of personalized care.

A newly formed Liaison Nurse position helps us to bring our variety of services to more residents throughout our service area. As a key member of our team, the Liaison Nurse reaches out to our medical referring partners in central Massachusetts.

The Millbury Adult Day Health care program provides daily supportive and rehabilitative

services, as well as social and recreational opportunities in a comfortable home-like setting.

FOCUS:

Staff

"Every day I come home and I feel like I accomplished something...no matter what."

Auburn District Nursing staff is the key ingredient to our success. We have strengthened our staff model by providing competitive pay rates, offering ongoing staff education, and forming care teams. By adding new care positions to meet patient needs, we have successfully recruited and retained caring, skilled profes-

sionals who consistently earn praise from our clients.

We are positioned as an employer of choice for healthcare professionals who want to work somewhere small enough where everyone knows their name, but large enough to require limited weekend work commitments from regular staff.

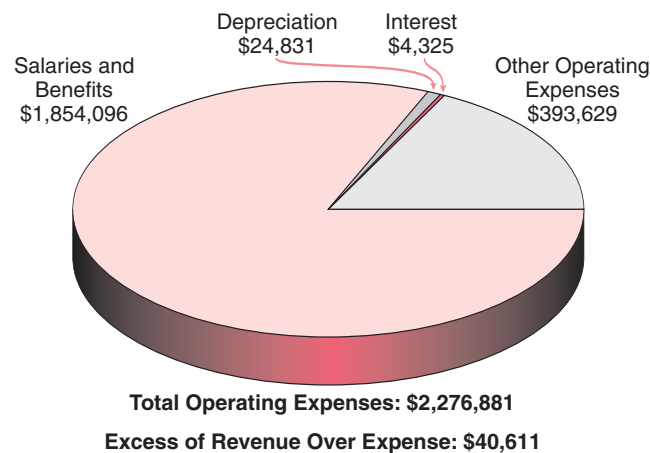

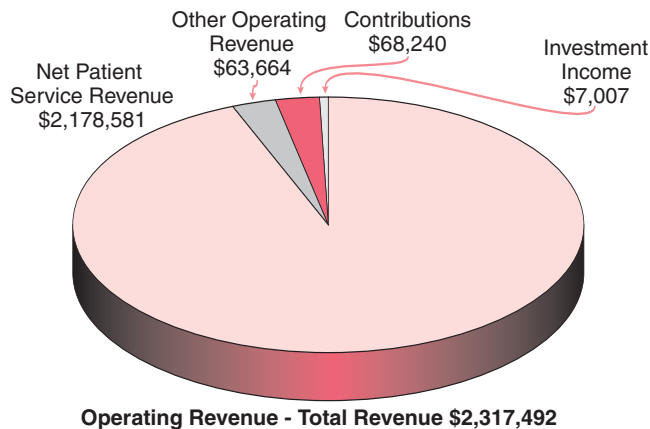

FOCUS:

Community

While we focus on care needs, both acute and chronic, we also recognize the value of prevention strategies for avoiding or delaying the onset of chronic diseases. As a public health provider, we play an active role in

preventative healthcare and use the latest technological developments to assist patients with chronic care needs. Auburn District Nursing offers screening clinics, flu and pneumonia immunization clinics, televised health education programs, and public health follow-up to help prevent illnesses in our community. Looking to the future as we continue to work on improving the overall health of our residents, we keep track of requests from community members to determine future programs.

**Year End Summary of Income and Expenses
(Year Ending December 31, 2006)**

FOCUS :

Quality

“If it wasn’t for (ADNA Nurse) Joyce, I don’t know if I’d even be here today.”

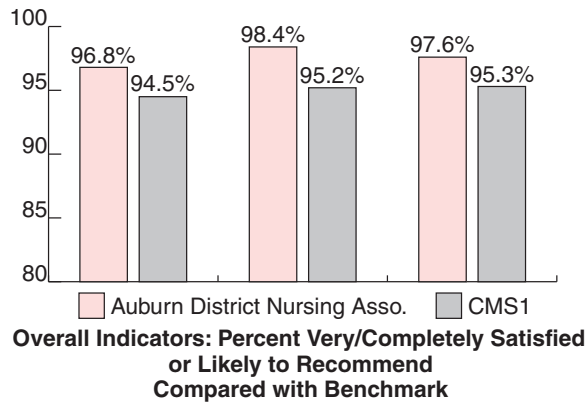

As part of our commitment to patient care Auburn District Nursing participates in the “Mass Pro Quality Initiative,” which entails training, commitment to goals, and attention to key arenas. As of November 2006, we successfully met our goals for decreasing hospitalizations and improving management of oral medications by our patients. Improved patient outcomes and continued patient satisfaction are vital to our success.

FOCUS:

Finance and Fundraising

In order to meet our goals and priorities for patients, staff, and the community, we must continue to focus on philanthropy. In 2006 Auburn District Nursing received more than \$100,000 in charitable gifts and grants. Thanks to the

Physical Therapy Assistant Casey Tibetts, PTA, Frank Herberg, and nurse Ellen Briggs, RN.

generosity of our loyal donors, we were able to provide free services, programs, and move forward with our plan to implement the Viterion TeleHealth program in 2007.

FOCUS:

Volunteers

Auburn District Nursing, a charitable organization, depends on volunteers for a great variety of activities to ensure that our mission of quality home healthcare is achieved. The many volunteer opportunities include:

FOCUS:

The Future

“In order for things to remain the same, something will have to change!”

Auburn District Nursing looks to the future with an eye to utilizing ever-improving medical technologies while continuing our longstanding tradition of personalized care. As we seek new solutions to the challenges of home care in the current market, we remain committed to retaining our core values. While we work to improve our effectiveness and efficiency as an organization, we also pledge to retain the warmth and compassion that Auburn District Nursing Association is known for.

Adult Day Health participants stretch during daily group exercise.

Thanks to our volunteers, Taste of the Town guests enjoyed an elegant evening sampling wines, beers and foods generously donated by various vendors and local restaurants.

Donations

The Auburn District Nursing Association thanks the generous individuals, businesses, and foundations who made contributions in 2006. Your support made it possible for us to provide high quality home health care to Auburn and Worcester County residents.
